

EASY MICROWAVE MARMALADE

1 large navel orange, unpeeled

1 cup (250 mL) sugar

Place chopped orange in a microwave-safe bowl. Stir in sugar. Microwave on high for 6 - 8 minutes, stirring every 2 minutes, until mixture is thick and translucent. Serve warm or at room temperature. May be refrigerated for up to 2 weeks.

Makes 1 1/4 cups (300 mL).

OUR SIGNATURE PEPPER JELLY

For a delicious hors d'oeuvre, spoon Our Signature Pepper Jelly over cream cheese and serve with crackers.

2 cups (500 mL) green bell pepper pieces (1 inch/2.5 cm)

1 1/2 cups (375 mL) apple cider vinegar

2 cups (500 mL) red bell pepper pieces (1 inch/2.5 cm)

6 1/2 cups (1.625 L) sugar

2 tsp (10 mL) red pepper flakes

2 pouches liquid pectin

In a blender, pulse bell peppers with vinegar until peppers are finely chopped and mixture is slushy in consistency. Measure 4 cups (1 L) pepper mixture into a Dutch oven. Add sugar and red pepper flakes; stir to combine. Bring mixture to a full rolling boil over high heat, stirring constantly. Immediately stir in liquid pectin. Continue to stir over high heat until mixture returns to a full rolling boil. Boil hard for 1 minute, stirring constantly. Remove from heat and skim foam, if necessary. Pour into hot sterilized jars, leaving 1/4 inch (6 mm) headspace. Wipe jar rims thoroughly with a clean damp cloth. Seal and process in a boiling water bath for 10 minutes. Makes about 7 cups (1.75 L).

Cook's Note: *Many recipes for pepper jelly produce inconsistent results. The highly variable moisture content of bell peppers may be a factor in these inconsistencies.*

RASPBERRY VINEGAR

- | | |
|---|-------|
| 2 cups (500 mL) fresh raspberries | Sugar |
| 2 cups (500 mL) white wine vinegar or cider vinegar | |

Wash raspberries lightly and drain thoroughly. Place in a large glass or ceramic container. Pour vinegar over raspberries; cover and let stand undisturbed at room temperature for 5 - 7 days until colour and flavour have been extracted from raspberries. Strain vinegar through a coffee filter-lined sieve. Discard solids. Measure and pour vinegar into a nonreactive saucepan. Add 3 tbsp (40 mL) sugar for each 2 cups (500 mL) vinegar. Quickly bring to the boil and boil 3 minutes. Pour vinegar into hot sterilized bottles. Cover with tight fitting lids. Store in a cool dark place. Makes about 2 cups (500 mL).

Cook's Note: *This recipe may be doubled or tripled. Boil vinegar in several batches, making sure the depth of the vinegar does not exceed 4 inches (10 cm). This will ensure a boil is reached quickly, thereby preserving colour and flavour. If recipe is doubled or tripled, the filter may have to be changed several times.*
