**GRADE 5**

Interactive curriculum-based  
learning experience

## COMPLEMENTING THE CURRICULUM

ATCO Blue Flame Kitchen's innovative School Program takes place in the new ATCO Blue Flame Kitchen Learning Centre in ATCO Park. The program, aimed at students in Grade 5, is designed to:

- Introduce students to basic cooking skills and kitchen safety in a fun, fully interactive format.
- Align with the health and life skills curriculum.
- Provide teachers with the tools and resources to incorporate healthy living activities into their classrooms.

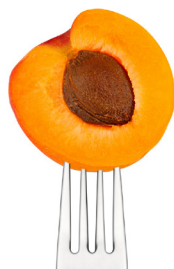

This unique program was developed by ATCO Blue Flame Kitchen's professional Red Seal Chefs.

## THE EXPERIENCE

ATCO Blue Flame Kitchen's team of experts will facilitate an interactive learning experience and group discussion as students rotate through a series of stations. At each learning station, hands-on activities are tied to curriculum and skills development.

- Eating together as a group
